F. during the afternoon to visit with other brothers before he continued on his journey east. He expects to be sent overseas soon.

TO INFORMATION WINDOW.

Residents of the Warren district are requested to take all mail addressed to soldiers now serving in France to the information window in the post-office so that it can be inspected by the clerks. This is made necessary in order to secure its safe arrival in France. Mail that does not carry sufficient postage cannot be forwarded from the postoffice in New York and in order that it might reach its desti-

nation the postal authorities have taken this step. They also will examine the address to see that it is properly addressed as a number of letters are held in the east for want of proper registments, etc.

MAGAZINES NEEDED.

Postmaster L. R. Bailey was notified by the government today that the army is again in need of magazines for the boys across the sea. The supply has fallen off so much that there is not enough reading matter to go around. There was such a deluge of magazines when the government first called for them that the postoffice department was swamped, but people have lost interest or forgotten Uncle Sam wants only first class magazines and those at least so new that the cobwebs have not begun to accumulate. Soldiers don't like ancient magazines any more than anybody else. They are up to date. It is not wise to send magazines over a week or two old.

PETITIONS ALL IN.

Yesterday was the last day for the filing of nomination petitions for state and county officers, but few more petitions other than those filed for the soldier ballot coming in. These were for state, representatives, mostly on the democratic ticket and candidates for precinct officers. Clerk A. C. Karger, of the board is today busy compiling the names as they will appear on the official primary ballot which will go to press in time for distribution to the various precincts. So far he has not received official notification of the withdrawal of W. A. Mower from the governorship race, nor the filing of a state ticket by the Socialists, although newspaper reports have recorded these changes to be made. He expects to have these in hand by tomorrow. The Socialists have put out no tickets in the county, although it had been reported they would do so.

Calls Received For Eight-Three

Three calls for eighty-eight drafted men from Cochise county to leave Tombstone at periods from September 1st to the 6th, were received at the office of Ray B. Krebs, secretary of the Cochise county local board in Tombstone yesterday.

The first call, No. 1171, is for enlistment from Tombstone on September 1st, of eighteen men, who will be sent to the University of Arizona camp at Tucson for technical training. The qualifications of these men are that they shall have four years grammar school, mechanically inclined, some experience in bench wood work, auto mechanics, carpenters, blacksmiths, sheet metal workers, telegraphers, wireless operators. Registrants can make application up to noon August 26.

Call No. 1203, the second, is for Camp Bowie, Texas, and calls for fifteen men to leave Tombstone between September 3d and 6th. These men are for limited service only. The last call, No. 1245, is for Camp Kearny, California, and is for fifty-five men to leave Tombstone sometime during September 3d to 6th, and these men are to be qualified for general military service.

The board has not yet completed the lists under the call, but will issue them within the next few days.

WALTHAM MAKES DEBUT

Henry B. Waltham, the celebrated screen star, will appear at the Eagle theater for today only, in his first Paralta Play, "His Robe of Honor." This production, which was adapted from the book by Ethel and James Dorrance, has a vital, fascinating story, and it is told most convincingly, with novel treatment throughout. The picture asks the question: "Can a disreputable lawyer be redeemed and become an upright judge?"—and then answers the question with breathless intensity, thrilling situations, romantic moments and climaxes of smashing force.

There is no stopping the Austrians when they start a retreat. They mean business.—Brooklyn Eagle.

LOTS SOLD IN NEW ADDITION WITHOUT LOANS

Many Applicants Who Desire to Get Lots but Do Not Require Loans in Order to Build May Be Assisted

The section of land that has been thrown open under the housing plans of the companies of the Warren district in the section for which there has been the greatest desire on the part of prospective residents of Warren for some time, but owing to the fact that it had not been laid out with sewers, grades and water pipes, it was never opened up. Ninety-five per cent of the land is within two blocks of the El Paso & Southwestern station, and within three blocks of the paved road. Bisbee can be reached from this addition in twelve minutes by electric cars, while it is a comparatively short walk to any shaft in the district.

Mr. Yoakum has had many applications for lots in this section, in many cases for people who did not require loans. These people should again make their applications during the present week for the lots for the consideration of the committee in the distribution of the land. All those desiring lots in the new addition should file applications now whether or not they also desire loans. The companies are anxious to know during the present week just how large a section is going to be necessary, as they will probably run sewer, water pipes, etc., only as required.

J. A. Rolden, architect for the Copper Queen branch, is to be at the offices of the Warren company with Mr. Yoakum all this week from 1 to 5 and from 8 to 9 p. m. and on Sunday from 9 a. m. to 5 p. m. in order to consult with various applicants about their plans and requirements.

This section of land is probably the most desirable of any in the Warren district and promises within a few years to become a veritable garden spot. Already something over eighty applications have been filed, and it is probable that those filed during the week will fully occupy the entire section thrown open.
